RE: Approval of Remedial Design Contractor
and Authorization to Proceed
Medley Farm NPL Site, Gaffney, South Carolina

Dear Ms. Norville:

On Tuesday January 21, 1992, our office received notification that the Consent Decree (CD) concerning the Medley Farm site had been lodged in District Court in Washington DC, on January 17th. In accordance with the CD, this letter notifies the Steering Committee that EPA hereby approves its selection of RMT, Inc. as the Remedial Design contractor; and that RMT and the Steering Committee are authorized to proceed with the work outlined in the CD.

As outlined in the CD and Scope of Work, the initial activities with starts tied to this notification are initiation of quarterly groundwater monitoring, and submittal of the Treatability Study (initial activities) Work Plan.

I spoke to Mr. Steve Webb of RMT yesterday, making him aware of the lodging. If you have any questions or comments, please call me at (404) 347-7791.

Sincerely,

Ralph O. Howard, Jr.
